I've ranked over top 1000> in the world on the leaderboards for call of duty AW on PS4, and have an extensive track history with call of duty dating over 10 years, how can I achieve this award for my skills? has anyone earned this award?

This is who all has it. <https://hackforums.net/myawards.php?awid=59>

You could try and put out a montage video or something.

Where do you send the montage to? or is it just posted in the gaming section? I'm top 10000 on Fortnite for elims, and pretty up there on Warzone & Rocket League.
