Thread: [Fortnite Account Checker\(UPDATED\)](#)

mavistechdev - January 5, 2021, 7:11 pm

Hey everyone I am here to say that I have updated the Fortnite API. This checker doesn't only check for account validation but also checks for skins, v-bucks, pickaxes, gliders, emotes, and much much more!!!

The checker is paid but is very cheap and the only option is lifetime. Prices are below!!

Lifetime = \$10

Updated API = \$50

If you have any ideas or want to become part of the team please feel free to DM on discord at Mavis#0442 or message me here!!

Thanks mavistechdev

P.S things are still in beta like proxy scraper, Spotify checker, fortnite tracker, and UI color.

THIS CHECKER DOES NOT STEAL HITS FROM ANYONE OR USES A HIT LOGGER. IF YOU HAVE ANY CONCERS PLEASE CONTACT MAVIS!!
