Anima - January 7, 2021, 10:09 am

Hi everyone,

A few months ago I offered free digital art, wanting to do this again but this is only for [Upgraded Members](#)

You can request custom pieces of your pets, fan art, characters etc. Please note I will not be doing any business related artwork e.g. Logos

I'm still learning digital art but I will do the best I can :)

If you would like to see my work, [Click Here!](#)

Please drop me a PM if you would like something, please include references and I will get back to you as soon as I can :)

Ya, I've been pretty inactive on the forum for a while but wanting to get back into the spin of things. Plus it's been months since I last drew something. Probably should get some use out of my iPad Pro
