Thread: [Getting Any Discord Server Banned](#)

3732n413xp1017 - January 7, 2021, 7:14 pm

Selling my service in which I can get any (non-partnered) Discord server banned.

Pricing:

250- Members: \$15

251 - 500 Members: \$25

501 - 1000 Members - \$40

1001 - 2500 Members - \$60

2501+ Members - \$100

(Prices increase at greater rates due to it being harder to ban higher member count servers.)

Selling the method for \$300.

Either DM me on-site or email me: eternalexloit@riseup.net

Will give away vouch copies to those who seem worthy (thinking 3 people?) on servers up to 500 members.

Whats the likelihood the server stays down?

If its a small server, less than 250.

Once it's gone, it's gone. They could make a new server after, but they won't be able to get the old one back up.

I have a couple servers I'd like to see this done to. I'll wait to see if it works first. I don't think they're 500 members though

Not of the method, but I could get a server banned for you.

Fellow Man - January 8, 2021, 4:58 pm

I received a vouch copy of this method and will be trying it right now.. Will edit back my results.

So far just by looking at the method, it looks fairly simple and well written. It looks promising and I can't wait to give it a shot.

Thanks for the reply, good luck with the method! Looking forward on hearing back from you.

I received the method and after looking at it i can see it does have protentional working esp with smaller servers. I will be giving it a try over the next couple days to see my results with it testing on various small and rather large servers. I will update everyone with my results.

Please update if you could get a server taken down with the method.

HackOnTheGo - February 5, 2021, 6:56 pm

My question would be, what information do you need to be able to ban a server? Would you also need an invite to that server?

SIM-3205632 - February 6, 2021, 2:39 am

Hope you didn't actually give your method to anyone. Else it'll be on other forum's being sold for like 20\$ in the next week.

SIM-4033767 - February 7, 2021, 10:18 am

I don't think this is possible

I did not. I tried many times and had zero results. To be honest it just wasted my time hence why i did not return to write the review because i don't have much to say about it other then it never worked for me.

Pink Cup RS - February 7, 2021, 10:35 am

This is most likely untrue. The trust and safety team for discord are not idiots. Trust me. Doesn't work like that.

FuZz3 - March 9, 2021, 4:30 am

So this tool doesnt work? I wanted to ban a discord with less then 250 members

I wish there was a working method. :(

Hackagram - June 11, 2025, 3:05 pm

It's been a few years, does the method still work or have their IT's discovered the vulnerability?

Has anyone developed a new one?
