I got a vouch copy and received a 1-minute song that I assume to be Unique (I've never heard it) and a very basic cover art So I bought a \$20 spam License so I can put it on Spotify. It took 3-4 Days for it to go through but it did. so I have a song on Spotify. He delivers this much. as for the Premium streamers. I'm not sure of as it was not included in my Vouch copy but he does deliver songs that can be put on Spotify.

Seems like you did not read the thread before asking me for a vouch. I provided a starter vouch. 1 song, 1 Artwork. The song was not 1 minute is was 2.40 minutes. This is the perfect length for Spotify. If the song wouldn't be unique Spotify would not accept it. The same goes for the cover art. It's a clean and good design.

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley
