Thread: [1# OS VPN Free Trial Subscription, Grab one NOW | PORT FORWARD | OFFSHORE | NO LOG #](#)

jhon_moses - January 9, 2021, 12:11 pm

Hey Guys,

We at OSVPN are happy to announce we have finally launched our VPN Services with Port Forwarding, which tons of people have waited for. Since OSVPN are a Hackforums exclusive VPN for the launch we are interested in giving out the free giveaway to everyone in hackforums for a limited period, to get some Feedback so we can improve our service.

How to join the giveaway.

- Create an account [Here](#)
- Send a Private message to me in Hackforums with your User-ID
- Voila now that is complete wait 1-12 hours and you will receive a 48-Hour Subscription to test out our platform.

Have any questions?

Talk to our live chat team, send me a pm in hackforums, create a ticket, or email us at info@osvpn.net for a quick reply.

We are interested in hearing all about the feedback, and hope that as many as possible will join us in the journey.

Check out our Sales Thread: [Here](#)

We are still there for a giveaway, Grab one NOW.

ritikbansalrrb - January 16, 2021, 7:14 am

Thanks for the trial account, I checked the Services of osvpn and its work food, I like the port forwarding feature the most which allowed me to connect my web app and game surfing.

jhon_moses - January 16, 2021, 10:32 am

Thanks ritikbansalrrb, Please let us know if you face any prob with OSVPN.

gouston - January 18, 2021, 3:51 am

Hello i will try but i can't send PM

Thank you
