Thread: [General Enquiry for sellers/support](#)

getgoodx - January 11, 2021, 4:43 am

I'm not quite sure where I should post this so I thought marketplace would be the most suitable place, anyways.

I'm looking to become a reseller for any programme/tools anyone needs or I can come along and help with support. I have a lot of free time and overall just looking to help out if anyone is struggling.

Feel free to PM me.

This belongs in the Service Offerings or the Partnerships section. Also I suggest you remove your discord from the thread as it is not verified on HF.
