Watch out for the scammers going by the name of Hack Wizards. They claim to be legit. They Have a nice website and everything but are straight up scammers. I paid a large sum for a job and got bogus software. Of course they wanted more and more money. Stay away from these guys. Straight scammers

hackwizards.com = scam

I'll keep the watch out, what was the scam they got you for?

Anyways this section is for introductions

fenompls - *October 27, 2021, 2:05 am*

How did they scam? Idk why you would put this in the introductions, Welcome nevertheless.
