Thread: [Sports Betting Tipping Group](#)

SHALOM - January 12, 2021, 4:59 am

Hey guys, hope you guys are all doing well and enjoying the new years.

For some time I've always wanted to start my own betting tips group. No better time to start at the beginning of a New Years I thought.

Thought I might offer my tips out for free first to gain some vouches & trust from members.

Obviously this is gambling at the end of the day and I'm not going to sell you on some bullshit statistic.

Where I say some crazy amount of return each month is going to be consistently viable. Losses are always bound to happen but the amount you lose doesn't always need to be big.

Feel free to drop a comment on the thread below if your interested in joining and receiving these tips. I'll start a Convo with you linking the discord server to access the tips. I will be mainly giving football tips and some basketball tips on the side

Tips will be given in the simple format of what bet to place and potential multis that come alongside it.

*Not sure if this is the right place to put this thread up but if it isn't just remove it Admins & Mods.
