Thread: [Blockchain confirmations](#)

Mentalki123 - January 15, 2021, 4:02 pm

Hello i have a problem with blockchain confirmations. I received 9 days ago transactions who have small fee i used btc accelerations etc. And still nothing anyone have any idea what i can do to confirm that?

If you haven't received a btc transaction from 9 days ago, there's something wrong bud.

That sounds about right.

OP, Why don't you post your TXID here for others to see.

Is there any option to confirm this somehow faster?

I'd contact the support of the exchange you used to send those transactions. Since they're unconfirmed, they should be able to return them to your balance.

it can be problem with that because i dont know what exchange is used for it. My friend just sent me

that money
