I purchase (server 3) .. After 2'days of working, the VPS has going down.. The guy said Host is in maintenance, and they give me new VPS.

I still waiting him a full day, and before 3 horu's the guy telled me, i need to wait more 1-2 hours for the replacement new VPS.

After 3 hours still now, i did not get anything new VPS.

Looks like a pattern. But you couldn't wait a few hours? Either way, he's a shitbag for the way he dealt with you. Sorry for your loss, OP.
