Thread: [\[VOUCH COPIES\] Grand Theft Auto Profits - Earn Real Money Playing GTA 5! \[EASY\]](#)

This has nothing to do with recoveries on GTA:O or anything of that nature. It's a very simple method that works; as long as you're willing to put the time into it. Not much work is required, but this isn't an autopilot method either. All you need to get started is a legitimately obtained copy of Grand Theft Auto V. Feel free to ask any questions. Two vouch copies will be given to HQ members in exchange for reviews.

Disclaimer: This is a guide to make REAL money using Grand Theft Auto V, not a guide on making in-game currency.

Can I take a vouch copy? Does my account have to be Steam, or can it be a Rockstar Social Club account? Cheers.

Looks interesting.
