Thread: [Question About SMM Panel](#)

fernquaker - January 19, 2021, 5:10 am

Hi,

I am looking for SMM Panel sources where I can buy in retail.

I'm not looking to buy the minimum order of 500x.

I'm looking to buy from a SMM Panel with a minimum order of 1x which is 1x per 1000 views for Youtube high retention views.

I'm looking for cheap sources.

P.S. If this post is in the wrong section, please remove it admin.

Thank you.

I don't know, if I get that correctly: You are looking for some cheap SMM panel that you could use for reselling? Or placing bulk orders for good prices?
