Thread: [Get a free share with only 1€ up to a 100€ Share](#)

Pavex69 - January 21, 2021, 2:15 pm

Hey guys. I found a Trading App (it's well known) where you can get up to a free 100€ share.

What you need to do is only:

Register via Invitation link

Verify

Cash in minimum 1€ so 1€ is enough!

Wait till the money is there. Then you get notified that you got a Share up to 100€

You can sell the Share and Cash out directly!

It's only for GERMANY; AUSTRIA; SWITZERLAND

Dm Me if you are interested :)

this method is still working

Is this Trading212? They had a similar promotion going on, but I don't like them that much anymore.

Yea it is, the promo started again but only users who already got an account have the promolinks.
I just use them to sell the shares, not to hold it so

I mean I never got my share.. they verified my address, bank and ID-card but without keeping their side of the deal.

I guess I'll contact them tomorrow, to see what this is about.
