are these bans only for personal accounts or business accounts as well?

let's say you are able to ban the accounts

Can they still reopen the account with the same number?

As you mentioned the length of the ban depends on your action, what action are those?

Yes after i do the ban they can register with the same number again but i have a way to prevent that which is why i said you can choose for how long it is banned, can i do this for you as well thats no problem

I havent tried with a business account but im pretty sure its possible i wouldnt mind trying.

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley

Hey, I do have a ban method so they do tend to register again. Can you teach me how to prevent them to register again? I am willing to pay for this.
