Forget that you need some witchcraft esports pro tactics to make bread.

What you really need to start out:

- free ewhore pack with a bunch of selfies and verfications
- LMK (available on the app store, allows to send live snaps)
- macro/script which spams your name in a live chatroom like omegle or chatroulette
- Willpower. No seriously 95% of the time people will bullshit you just to get a "fakecheck" to wank on it.. its hard lol

Thats it. I make about 100\$ a day using this method. Also it got me a sugar daddy who once in a while sends me giftcards out of nowhere and im living a good life :)

Thank you for your time.

Oh yeah, forgot to mention that most ebooks are either trash or a scam.
