Yes twitter may limit you on the basis of age of account etc. This is pretty standard twitter behavior though.

The accounts you use have to be API Developer approved, so has to be within the rate limits set for developer accounts

did the bot still work ???

Stanley - June 28, 2021, 2:22 am

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page

and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley
