Thread: [\\$15000 per day, hiring hackers, You'll be interested in the deal](#)

jayufolb - January 24, 2021, 9:18 pm

Hello everyone, I need hackers to attack the database

I need the latest data in the database every day

I will pay \$0.15 for each data

My target database will generate at least tens of thousands of data per day

You need to help me get them

I'm working with a hacker right now, I pay him more than \$1000 a day, I can show you our transaction records

But the number of one database is too small

So now I'm looking for more hackers to help me

Liar, please don't disturb me, I can provide all the evidence of payment

The first time I can also pay through an intermediary

If you are interested, please contact me
