Great Job OP!

(Jan 31, 2021 02:50 PM)Snyke Wrote: [\[CITE\]](#) Very very good service it seems.

Surprised you are offering this for free. Perhaps a premium package of \$5/month which let's clients manage their .exes and replace them with the same file name.

You can monetize this bro.

Works as advertised :)

Seems limited though to only allow certain extensions, should allow everything. By example, what if you want to upload .rar, .zip?
