You can always open the images in a new tab 1 by 1 it will zoom in for a clearer view automatically.

Here's 1 example.

^ It shows a little more clearer here.

But yea I couldn't really afford to reupload a clear picture for all the girls right now.

If you want more info and insist on having a close look on the girls , just PM me or convo me.

I'll reupload later on when I have time and let you guys know.

Because these girls some of them aren't attractive that's why I din't bother giving a full face preview but just verification preview

In the end these are all my left over incomplete or so called damaged packs that I made in the process of making packs.

Figure out I might as well sell it away instead of deleting them all as there's still some minimal value to them.

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley
