Thread: [\[Runescape\] OSRS Near-Maxed Pure Account Shop! \[Lowered A/W\]](#)

**luv.** - February 3, 2021, 12:52 pm

Both of these accounts are my personal accs that have been inactive a year since I only play on a main now. I'm a 10 year user on HF and I don't plan on getting closed so these accs will never be recovered

Acc 1:

Combat: 87

Notes:  
Desert Treasure Done  
45 QP

A/W = \$200BTC/425m  
C/O = None

Acc 2:

Combat: 84

Notes:  
Firecape  
43QP  
6M Bank

A/W = \$150BTC/325M  
C/O = 70€/85

Lowered A/W

Thanks! Offer noted. I am looking for a bit higher on that acc.. around \$120 (or 100 euro) would be closer to what I'm willing to accept.

But if nobody else is interested I'll def let you know.

Went and lowered the A/W for both accounts

This guy is indeed a scammer. Why would you deal with him despite being warned with a valid deal dispute?

DWC. uid=633548 is a scammer, avoiding DDs and trying to get whoever he can.

Not to mention these type of account sales aren't allowed.

Don't recommend buying accounts that are e-mail bound since they can ALWAYS be recovered. Unless you're buying an account that isn't linked to an e-mail and you can link it yourself, you aren't secured, js.

Even with a new email in place, whatever it may be, accounts can ALWAYS be manually recovered through the ticket system. The original owner will always have a claim on whatever account is in question.

Buying an account from a scammer always has inherent risk, it can be pulled back at any time.

Lmao I got you. I'm not in a rush to sell them tho but if you can do 95€ for the acc it's all yours

Debatable, Set E-mail Image ([Click to View](#)) , just logged in to an account I bought about a few months back that I haven't bothered to secure and all I have to do is add an e-mail to the account. There's no way for someone to recover an account that they don't have access to unless they have the e-mail registered to the account. The most commonly sold accounts have e-mails already linked to them due to them being used personally. Accounts meant to be sold and not recoverable are sold with unbounded e-mails so you can link whatever e-mail you want and feel 100% secure. Good luck proving you're the owner of an account that's unbounded ?.

That's not true at all. I've used the ticket system in the past without e-mail access. If you have billing information, ISP information, creation dates, past passwords etc, you can recover any account without e-mail access given that you're the original owner or have a plethora of details + a proxy w/ a location in close proximity to the origin of the account.

Sure accounts with unbound e-mail addresses may be less prone to being recovered as the creators have more than likely created them in bulk to stock an account store like on PA, etc, but there is ALWAYS risk with any account that isn't created by you. The ticket system is a back and forth with a real person once they've reviewed your request, I've gone through the same process many times, with plenty of successes.

D0xing and recovering accounts with residential proxies was HUGE for years, there were forums that can't be mentioned on HF that specialized specifically on recovering.

Shit, you right. Giving all that information, if you keep any of it, will more than likely help you recover any account you've made. In my personal experiences I've never dealt with anyone recovering any accounts (thank god) but I agree with you on the points you've made.

Thanks for the tip.

My offer is off OP.

If somehow you are proven innocent then I'll be offering again

Sure I'll somehow prove I didn't receive gold on Runescape ?

Np tho, like I said I'm okay with sitting on them.

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,  
Stanley

This guy is a known scammer. Be aware to check previous posts where he scammed 30\$. He even deleted logs, messages and lied about it in the eyes of over 20 people. Cheers :)

I'm well over a 10 year member, and wouldn't bother adding it to a sales thread to make myself look more trustworthy as it legitimately doesn't mean anything. GLWS however
