Thread: [\[Tournament\] Dev Null | Byte Reward | #1](#)

Shrooms - February 4, 2021, 10:00 am

Welcome to
Shrooms Dev Null Tournament

Entry Fee: Free

Requirements: Must be L33T+ or have a been registered for 3months +

Prize: 100 Bytes

Information

Since this game feels fairly dead but is actually kind of fun I figured why not host daily or weekly tournaments for it. The first one there will be no entry fee and a small reward for the winner. If this gets fairly popular then I could up the entry fees and rewards in the future tournaments.

I may even do cash rewards once a week for winners, entry fees will only ever be Bytes never money to play.

I'm not sure how popular this will be so it could start in an hour, or in a few hours we will see.

To join this tournament simply post below letting me know you are interested, we will do the first 10 to post for this tournament but numbers may increase depending on popularity.

Good luck to all who enters.

That game Dev Null Ports thing, it's basically like battle ships. You can find it on the games tab on HF
