No fancy design, I've been hosting lobbies and getting people Dark Aether on Cold War for the past month or so. I've been operating through twitter so feel free to send me a DM there. My prices remain simple; max weapon levels + 1000 for 10\$ and dark aether for 30\$.

I used OP's services a few days ago and am happy to report that everything is working perfectly and OP could not have been more accomodating if he tried.
