Thread: [\[\\$40!\] Method - Unlimited Cold War Standard/Ultimate Edition Accounts for free \[HOT!\]](#)

J???? - February 5, 2021, 8:16 pm

Hello and welcome to my method thread!

I have available a method which will allow you to create as many Call of Duty Cold War accounts as you wish - and that includes the Ultimate Edition!

Now for starters, some may wonder what the difference is between the Standard and Ultimate Edition(s)..

It's simple, really.

The Ultimate Edition includes:
Confrontation Weapons pack

Battle Pass

20 Tier Skip tokens

Land, Sea and Air Pack (3 Operator Skins, 3 Vehicle Skins, 3 Weapon Blueprints)

Whereas the Standard Edition only includes the Confrontation Weapons pack.

--> Frequently Asked Questions --v

Q: What will I get when I buy the method?

A: You will receive a text document that lists step-by-step instructions on how to create an account (using a disposable email address) and the steps on how to buy the game without actually buying the game.

Q: Does this involve carding or using stolen information?

A: No, it does not involve anything of the sorts.

Q: If I need help, can you provide that?

A: Certainly! I would be more than happy to assist you if need be.

Q: Is there any risk to doing this?

A: There is absolutely ZERO risk while doing this. You are completely safe!

I would normally sell this method elsewhere for \$150+, but for the members of the HackForums community I will offer this for \$40 per copy (limit 1 copy per user)

You may contact me if you have any questions or concerns before purchasing.
Only contact me via private message or conversation. I will not be providing any Discord information on-site.

EDIT: I WILL GIVE 2 FREE ACCOUNTS TO MEMBERS I DEEM REPUTABLE ENOUGH. IT SEEMS AS THOUGH MY POST IS SKEPTICAL BUT I CAN PROVE OTHERWISE.

EDIT2: ALL FREE ACCOUNTS/VOUCH COPIES HAVE BEEN GIVEN. DO NOT ASK FOR ONE!

Due to your low rep, post count and what not are you willing to give a vouch copy?

Looks promising but seems too good to be true

Thanks for your reply.

I understand your skepticism and would like to further gain your interest.

Due to the low-level saturation of this technique I do my best to keep it as such. Therefore, I'm not able to give a vouch copy.

However, if you'd like to send me a convo message I may be able to help with enlightening you on the authenticity of my method and show you that what I have to offer is the real deal. ?

I'm down to pay after I succesfully complete your method. That would benefit us both, you get the money you ask, I get product you sell. Suggesting this to help you out with sales if your interested, let me know.

You're suggesting this as a way to get the method without paying for it, and it's hilarious that you think I'm gullible and stupid enough to fall for it.

No thanks.

I don't care about your method, just tried to help you out. You gave 0 proofs that your capable of doing it. At least if they are that "free" and "unlimited" then share free accounts as a proof. Lol, what

a joke you are doing here.

I have several vouches from people actively in my Discord but I'm not allowed to advertise that here. =]

You wasn't helping me out at all, considering you're not even a reputable member yourself.

Sooo sorrynotsorry.

There's literally no way of providing proof without giving away the method.. so not sure what you expect me to provide, lol. Try again?

(Feb 7, 2021 01:06 PM)Kazz Wrote: [\[CITE\]](#) If you are giving out a vouch copy let me know. I can see why people would be scared to purchase from you.

Private message me or send a convo, I'll give you one to show you it's legit.

(Feb 7, 2021 03:38 PM)wawsad Wrote: [\[CITE\]](#) Here you go, a more reputable member. Go on give a vouch. I even suggested you to giveaway few accounts, they are unlimited and free after all, aren't they? Why you ignored that part? Your don't really help yourself here by denying everything you can. Is it suspicious? - Yes it is.

At this point you're only replying to run up your post count, so without further ado, you can take your leave. Thanks.

Posting to come back. Looks good, but I'll wait for more vouches! GLWS!

cookie11 - February 8, 2021, 5:44 pm

Could buy an account without getting the method?

Vouched! purchased an account of him and it's working perfectly.

Kazz - February 8, 2021, 7:01 pm

After talking with this user in a PM he decided to give me a vouch copy of this method.

I must say this method is VERY VERY SIMPLE. It does not require you to download ANY type of software (as long as you have a web browser). You can literally get this done in LESS than 10 minutes and it COSTS \$0 to make the account. This is 100% worth the money he is charging for this method. The method itself is very straightforward and he walks you through the WHOLE PROCESS. Start to finish. So far, I have had 0 hiccups with using this method. This is a MUST BUY. YOU CAN ACTUALLY use this for ALMOST ANY STORE GAME in the blizzard store.

Do not hesitate to buy this method.

If you have one more vouch copy available I would absolutely love to try and vouch for you on this thread! let me know :)

Absolutely no worries! Goodluck on your sales homie also I don't know if you guys are working together but exact same sales thread in premium section for \$45 btw.

He has literally copy and pasted 95% of my thread - and I can 99% guarantee that his method isn't legitimate, either.

cookie11 - February 10, 2021, 6:41 pm

Mind answering your DMs about my issue I am having?

Astonished - February 10, 2021, 6:55 pm

Do you go by the name "The Professional Hacker" on any other sites OP?

It seems someone under that name on another forum has copied your entire thread, as in 100% of it, and it selling this method for an extra \$10 (\$60).

I can show you this in a DM if you want, not sure you can do much about it if it isn't you however

It is not me, however I am fully aware of the other user selling the method.

Thank you for attempting to bring it to my attention.

Price remains true: \$50 as stands and completely worth it!

No worries mate, It isn't the guy on HF i'm talking about, its on another forum and hes copied you word for word. If you aren't concerned then no worries, but its most likely someone you have sold this method to as they have taken your exact thread and the only bit they changed was where you said "i normally sell it for \$100" and he's said he sells it for \$150 lmao. Have a good day!

It is the same guy who is named The Professional Hacker on these forums, trust me when I say it. We have already discussed this situation as it became a minor issue when the posts were being made.

As long as he does his business with it elsewhere, I could care less. My business is here..

I'm assuming that means for the free and the way things are right now I can't bring myself to let it happen. ;)

Does this eventually get refunded? I'm thinking its like an older method to get things for free from the blizzard store

It is a simple, repeatable process that involves no actual spending whatsoever.

I'm looking to buy the method bro
