Yeah, it links to something opening Discord, and then a page asking for an access code.

This is where I am now:

Didn't see anything sent to me on discord, either. Sorry if I'm missing something obvious lol. Imma install Telegram now as well.

I'm so confused... When I clicked on the redeem link, it said "Mail will be available tomorrow during open hours". What does that even mean? Chick-fil-a is still open.

First time buyer here looking to get some CFA Sandwiches.

Dionysius - June 8, 2021, 9:37 am

Messaged him over Discord to try his service out and get a free sandwich. He told me to wait "one moment" and then never responded after that. Ignoring customers isn't a good way to handle business.

Please do not advertise that members can get their first sandwich free if you aren't going to follow through.

SIM-3884017 - June 9, 2021, 6:30 pm

Been having problems with the email service and not being able to see codes. Caused me to only have 4 redeemed and then wouldn't load the last 4 QR Codes because the email thing wouldn't load, WHILE I was in line.

It took me a day to respond and you were being pushy for something that is free. I do not have to jump for choosing beggars. Have a good day.

Ive since responded and fixed the problem. The codes will not display in the email once my stock has run out. Please make sure you have your codes ready and available before getting in line.

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.
