Thread: [What Is Your Style? \(Picture of my style lol\)](#)

Blockonome - February 8, 2021, 1:18 pm

Hey guys,

I want to see what kind of clothing style HF has.

Sharing 3 pics of my kind of style, hope you get a sense of what I like. I want to see how you would dress on a regular day.

I believe there must be quite the mix in here, so let me see what you got.

I like whatever is in my wardrobe. I do not care for the clothes on my back.

I am exactly the same, I'll wear pretty much anything, as long as it's not pink.

Probably just whatever a blue collar worker would wear.

Hipster Ariel - February 8, 2021, 3:02 pm

Pants and jacket from the last pic are amazing!!

Jeans, t shirt and vans pretty much every day

Good rule of thumb there, I dont trust what may be seen by GC

SerotoninMaster - February 8, 2021, 4:27 pm

Honestly, the first style is more of something that I would wear as it's not pink and it's just something I feel like I could rock on any daily occasion. But, that doesn't mean I don't think the other styles are nice I just personally couldn't pull them off.

StarZ - February 8, 2021, 4:52 pm

Converse, Whatever jeans/khakis I can find clean, and a t-shirt generally. Swap for a button-up if it's a special occasion.

A benefit of having a wardrobe that consists of 3 main colors is everything matches...

I basically dress like a "skater" even though I haven't touched a skateboard in years

My outfit today was a ripndip hoodie, with some washed skinny jeans and some vans. Basically what I wear everyday.

Definitely a lot of variety in there OP.

I pick the first one as it is less cringy.

Bluntmeh - February 9, 2021, 10:02 pm

I for sure am siding with the first option. Overall looks like something I would wear on a normal basis the other stuff I just could not wear and it would not fit my daily style.

Nate - February 9, 2021, 11:06 pm

Streetwear with non "clout" brands, execept for shoes, or belts

ZeroOne - February 10, 2021, 12:24 am

I was going to describe the style but I'm better off showing a photo.

Generally, I wear suits considering my line of work, here is a photo of that (I'm the guy with the long hair):

I wear whatever. I'm usually in sweatpants and a tshirt with a hoodie and some Vans. If I'm going to somewhere nicer than my town grocery store, I switch my sweats for jeans.

Koyote - February 10, 2021, 3:46 am

I'll wear anything that's practical and looks relatively cool. I look best in darker colours though, and especially dark blues or greys, so I tend to dress in those more often. I am about to go through my wardrobe though and get rid of stuff I'm barely using, because I wanna get back to my roots and dress a bit more Italian as I have Italian blood lol. I come from a very fashionable people but I'm not very fashionable myself.

guardian - February 10, 2021, 1:02 pm

I only wear basic stuff. No designs and stuff, only one color and maybe a small brand name.

Yeah, I feel you... Not really important with the brand, more the comfort of wearing the clothes, that is very important to me

ilcaneee - March 8, 2021, 12:53 pm

Sportswear mostly Adidas. I love the brand. Kinda addicted to it
