Thread: [Bitpay Adds Applepay Support](#)

Grim - February 12, 2021, 10:21 am

Pretty big news i said it before and I'll say it again Apple is going to get way more involved in crypto this year.

Considering Apple went from block crypto apps to this is a huge step for crypto.

Omniscient - February 12, 2021, 12:33 pm

We'll see an Apple crypto before we see Facebook's Libra.

.Infinity. - February 12, 2021, 12:56 pm

This really isn't big news though to be honest. Has nothing to do with Apple's adoption or integration. It's just BitPay adding another common payment method which happens to be Apple Pay.
