Hello my good friends. Today I am coming to you with quite the unique service. I have the chance to work alongside a model who is interested in selling verification type photos to websites. Let me tell you a little more about how this will work.

Upon purchase you provide me with a photo of your model and details about her (hair/eye color, skin color, size, etc.) After anywhere from one hour through 24 hours you will receive the photos you need. The reason for the time delay is that these photos and videos are not photoshopped. The model has to make herself look as closely to your chosen model as possible. This requires time and effort.

Why me?

The photos and videos I provide are not edited together using photoshop or other video editing applications. They come from a real girl with one goal in mind - getting your profile verified! We offer the highest quality product and service so that you can leave satisfied!

Pricing and plans:

[BRAND NAME REMOVED] verification: \$75

Any other website verification: \$75

1-3 Verification photos: \$20

3-5 Verification photos: \$30

Verification photo pack (15 photos): \$60

Verification videos: \$35 per video

Send me a conversation if you're interested in seeing pictures of the model or have any questions. I will only be accepting BTC and Cashapp. PayPal from super trusted users. I can also probably do other services and apps as well. Just send me a conversation and I'll get back to you asap.

Sales Terms of Service:

- All sales are final.
 - If for some reason the photo or videos cannot provide verification for your account you will be given a refund of 80% (there is a 20% fee paid to - the model regardless for her services.)
 - You will not resell these photos or videos.
 - I have a right to change these terms at any time.

And...I've been scammed.

He said almost 24 hours ago he would be logging in to sort my [BRAND NAME REMOVED] and nothing.

Avoid.
