I don't understand, if this is so simple as you really claim it is, why no one is doing this?
I assume that your Google ads account will be banned once they find out about the views being fake, right?

So investing 1\$ will give me 2.5\$ in profit? It sounds just too easy to be true

Yes it is that easy if you don't go crazy with the bot. You will make 2,5\$ if you buy 1k views.

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first

post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley
