I always cook a meal or something. I love snacks and chips but when I'm actually hungry they don't fill me up. I always need something substantial.

618C - February 18, 2021, 12:01 am

haha always something with low sugar else the sugar will keep me up at night.
so yeah some chips like Doritos or peanuts with a nice beer!

Oh, bro get a big nice desk I always remember how worth it getting mine was. I got a big one that goes around like a fork or whatever you call those. Its big.

You think that the desk space is causing this feeling? then id buy a bigger one!

A + - February 18, 2021, 12:59 am

I get a sweet tooth at night. I go to cereal a lot, or a pack of penutbutter or cheddar cheese crackers.

The - February 18, 2021, 1:24 am

You can't go wrong with chips and Tostitos cheese dip.

ghostboy - February 18, 2021, 1:29 am

My go to snacks are funny enough scooby snacks. I have a whole box with plastic bags full of them

Koyote - February 18, 2021, 2:01 am

Crisps usually, or I'll make a quick sandwich. Sometimes, if I'm particularly hungry, maybe some rice in a bowl.

Utility - February 18, 2021, 6:58 am

Nachos are a go to of mine.

Neon™ - February 18, 2021, 8:00 am

Pringles, but tbh I stopped buying this sh*t 6 months ago cuz it's very addicting or a peanut butter sandwich. Nowadays I just grab an apple if I feel hungry after dinner.

Creativo - February 18, 2021, 8:22 am

Ill eat a salad, Easy AF to make, barely any calories, healthy, and it will fill me up long enough to go to sleep, Its just your best option. Or a banana and an apple.

Regulus - February 18, 2021, 8:25 am

Noodles, candy, popcorn, all sorts of snacks tbh

Megatron - February 18, 2021, 9:05 am

Definitely Oreos or ice cream. These things are easy to just start eating.

GruntStyl - February 18, 2021, 9:12 am

The hot and spicy doritos lol... But as of September I've been hitting the gym about 4 days a week so I've stopped that.. But that was my go to.

I don't keep any food in my house, literally nothing to eat if I get hungry so suddenly, because if there's food I'll eat it just because I'm bored. So not having food helps me with diet.

Also, worst case scenario there are multiple 24/7 supermarkets around my house, 3 within 3 min walk, 1 within 6 min, another 3~4 within 10 min.

TB12 - March 9, 2021, 3:11 am

Often when I smoke weed or when I just feel like it, I'll cook up a chop cheese at 1 AM. To make one you cook up some ground beef in a pan and break it up while it's cooking. When it's close to being done shred cheddar cheese on top so it melts onto the beef. Put that shit in some form of bun or bread and put some ketchup and mayo on it. So simple but very delicious
