Thread: [#1 \[BRAND NAME REMOVED\] METHODE 1k+ adds daily](#)

!Gambit! - February 23, 2021, 12:18 pm

Well hello, I'm Gambit. I also go by the names
Lass, Las, Nik0 on discord, etc.

anyone who knows who I am knows that I have always had traffic from [BRAND NAME REMOVED], been working closely with [BRAND NAME REMOVED] for a couple of years now.

I have a few different methods on how you can get traffic both with manual [BRAND NAME REMOVED] and botting.

I will be selling my knowledge, not in an ebook cus those suck ass, I will be teaching you 1:1 how to get traffic and how to scale it

I'm moving away from [BRAND NAME REMOVED], so why not share what I know

I will be selling it for \$500

3 discounted vouch copies for \$350.

0/3 Discounted Vouch copies left

I also used to sell traffic, had a server with over 50+ customers

I will teach you how you can scale the adds.

Have a nice day!

come get your discounted vouch copy?

If you decide on blending my methods with your own I am not responsible for it not working. I ask you to follow what I say and show 1:1 or it will not work properly.

If you decide upon sharing the info, and I will find out you will not be eligible to further updates on [BRAND NAME REMOVED].

I am allowed to change the TOS whenever I feel like it
NO sharing or reselling.

All these unsuccessful attempts, I decided to buy a manual method (with emulator) this worked, but I wanted something more automated, I wasted a lot of time in account creation, doing it manually takes much more time. I found this thread, I thought it was not something real, like most of the methods offered here, (many are fake or teach you everything) I decided to buy it and I think it was the best decision! I was able to get more than 400 adds on the same snapchat account and I can scale!

He literally teaches you 1: 1 also, he is a very kind person, he answers all your questions, and most importantly! IT WORKS! Anyone, experienced or not, can do it! and he got incredible results, and the guy is very reliable! At first I thought that it would not work or that it was scam) I decided to try it, because the price is not very high, easily with this method, you return the investment of \$ 500 in less than 24 hours.

It is a relatively simple process, in 2 hours you are ready to run your own [BRAND NAME REMOVED] traffic and start making a lot of easy money!

I just hope it sells a limited number of copies. Hope this is not saturated. Good luck friend! Thanks

It is definitely unique you will probaly never find anything similar to this so it's not like other fakemethods on this forum it is 100% legit and working method for [BRAND NAME REMOVED] traffic. For sure it's kinda expensive but if you have atleast a bit of knowledge in adult cpa you will make your money back in few days in my case i already made clear 400\$ profit with traffic that I made for myself. If you like to work on your own this method is truly for you. I'm feeling bad actually to giving this a good review because I don't want to make this too saturated but he actually giving everyone unique informations so it won't get saturated that easily (hopefully). IT WORKS

Sure, let me know if there's more available. I am definitely interested as I owned a service like this previously and run multiple bots geared towards this purpose.
Also, please quote me so I get notified.

Hey how much i can earn with this everyday ?

Driz - March 8, 2021, 7:12 am

I received a discounted vouch copy of the product from OP, and I have been testing it for the past one week. Within which time span, [BRAND NAME REMOVED] pushed out two different updates, which OP was successfully able to bypass and bring about solutions to. As for the method itself, this requires a lot of capital to get working. As someone who has used [BRAND NAME REMOVED] for

traffic since last year, it sure does get harder and costlier. That being said, if you have the capital, this is a method worth investing in. If you know, what you're doing? You will make the money back in the same time. I don't know what I'm doing, so I spend more time. However, I was successfully able to bring in 200 adds following his method, without scaling up. I did 500 adds yesterday even though [BRAND NAME REMOVED] was being lame. If you have the capital to invest in, you can easily make your money back. Worth the price in my opinion.
