Thread: [Need mentor for eWhoring](#)

Hello I'm a bit new to ewhoring. I'm struggling to make sales. I tried traffic from [BRAND NAME REMOVED] but my accounts keep getting insta banned. I was using Yubo for a little maybe 3 days or so then I got banned and need to verify my identity now on that. Im not sure what to do to get sales. Please feel free to pm me or add me on Discord XXEL#0555

Just look around here on HF. There are some tutorials here. Don't pay for mentorship.

Not sure people are just gonna give out information on e-whoring unless they have something to gain; albeit rep or maybe money. The only recommendation I have is to look around on the forums to see any information and maybe learn alittle bit from that. But honestly, most people learned because they have experience of error and trial. You aren't just gonna be good in the beginning, nobody is perfect. Nobody just wants to give out methods for free because that means less money in their pockets, and everyone is looking for money in their pockets. But hey, good luck on your future in e-whoring.

Have you ever gone to the bathroom to cook dinner?

Of course you haven't. So why go to a hookup app to sell content/premiums? You shouldn't. You should focus your attention on the other places full of horny men. Places like Twitter and Reddit. But you need to invest the time to build up your profiles and presence on those sites. After you put in that work, the sales will come easier than you thought. There are a few tutorials in this section on how to build followings on Twitter and how to build up your Reddit profile.

this. if not purch mentoring you should make a google sheet. record all the variables and trial and error. this is how I figured out [BRAND NAME REMOVED] in the past.
