0/26 works with alien crypter. Bypasses email security

Msg me on telegram @Stealth_276 I have video proof with a lot of vouches. Cheapest on the market rn.

jokersake - March 11, 2021, 2:50 am

Which doc exploit you have?

Expert Soft - April 16, 2021, 9:32 pm

bro if you're still looking, I have a doc macro exploration.

Special version that I coded and I don't sell it everywhere

I can show live or video evidence bypassing gmail and windows defender. Those who want to buy can pm me.
