Yo this is for multiplayer as well right not just zombies? Also what are the bans like? If I get banned would you compensate or what.

Juicy - April 15, 2021, 2:31 pm

The levels and gun levels are. Dark aether is for zombies.

Dark matter ultra is for multiplayer.

Bans have not occurred and there is no reason to think they'd start after three months of these lobbies being hosted. That being said, you're choosing to use a service where your account is being modded on an online game. If a ban does happen to occur, I am not responsible for compensating you. The only bans that have occurred from Cold War services have involved modding high rounds

of zombies or in rare instances I've heard the warzone permanent UAV can cause a ban.

Cr?ator - April 15, 2021, 10:52 pm

Flawless lobby! I got dark ether, everything unlocked, Max level / prestige, and very cheap too! Would definitely recommend this.

Sour Mash - April 27, 2021, 5:18 pm

How common are bans when using your method?

Juicy - April 27, 2021, 5:19 pm

(Apr 27, 2021 05:18 PM) Sour Mash Wrote: [\[CITE\]](#) How common are bans when using your method? for customers i've never had anyone banned.

For hosting it depends on the day, i've gone 4 weeks without getting banned while hosting and ive had 2 bans in one day

It's rare to find someone being honest like you are about things like this. It's good. A lot of others would act like a ban is impossible as long as they get a sale from lying.

If I run into anyone after Dark Aether by these type of methods then I'll send them your way to this thread to help you out.

Samesies - May 4, 2021, 10:30 am

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
