After Receiving the minecraft landing page i had it uploaded and setup within seconds, Very clean design, Super easy to set up and customise every aspect of this template by simply going to the very well commented config file.
payload can be updated very easily. generally an all round good tool to have in any hackers arsenal and i would highly recommened everyone to buy one relating to your spreading methods.

Score:10/10

(Mar 12, 2021 06:06 PM)killmenow Wrote: [\[CITE\]](#) So OP has kindly given me a template to review! I thought I'd be useful and select a different template from the one the other user has reviewed.

I chose the Fortnite template, I am also surprised at the quality and ease of use with this. I am rather surprised that I am even leaving a review this quickly after receiving the template. The page is definitely rather easy to customize, so anyone wanting to change aspects of this shouldn't have much if any trouble at all. I would certainly recommend this if this fits your offering a free "cheat" scheme wink wink however what you do with such product is on you. I certainly would purchase these if I had spare money currently. Definitely think this is a fair price point too.

Not sure I can "Rate" the product since this is the first time I've tried and reviewed such a product, but in my eyes, it is certainly worth it. Glws OP!

Are these not just the same template with different images? I mean the button color's are not even different. I don't mean to trash sales I'm just a bit confused.

Stanley - March 18, 2021, 10:15 am

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley
