Thread: [Twitch prime subs. Cheap price and fast delivery!](#)

twitch24x7 - March 5, 2021, 10:33 pm

Hello everyone!

I have the large amount of prime subs for your channels! 1 sub gives you 2.5\$ for your affiliated/partnered account. ?

I can send subs to your channel by myself using different proxies for every sub. I CAN ALSO DRIP FEED SUBS FOR MANY DAYS (1-3 subs per day). Also i can sell you subs in "login : password" format so you will be able to sub your account manually.

ALSO for AIO-tools users i can convert my subs to token format for comfortable usage.

CAN GIVE YOU SOME SUBS FOR VOUCHES ALSO ?

If you need affiliated account, you can buy it here:

If you are interested in twitch bits also, you can buy it here:

+vouch . very great cooperation with this man. He responds quickly and his services are great and very cheap. I recommend everyone to try their bits and subs. When buying a large quantity, he also gave me a discount, there is a good agreement with him.

This user claims to have purchased 2 of 3 services that OP sells in two different threads. Account created today. No completed contracts or anything.

OP account created 2 days ago and IP also match with 1 other registered account.

Looks like OP is trying to make him self look good to bring in more sales..

EDIT:

OP contacted me and explained the situation. He provided proof of that he has actually already an established functional business and want to expand his sales. Gave him a few tips what no to do and instead what to do to gain trust on HF in a natural way.

I wish OP GLWS after all!

I know you may be skeptical, if this offer is legit. I was so too. But since I bought a lot of subs from him, I can absolutely say, THIS is LEGIT. Some of you may think, why is he having vouches, even tough his account is very new? - Its because he sells his stuff on Sellix and Discord too. So trust me, he is legit and you get your ordered stuff within a few minutes to hours. And by the way, his prices are fantastic! So give him a chance.

Its not legit, its grey/black hat, twitch can block your account. But in initial months you can earn good. My advice is to rotate twitch accounts every 3 or 4 months. I think i got my accounts banned after 6 months.
