Need some \$ so for the next hours you can cop this account for \$250.

The problem with accounts like these is that they can be pulled back VERY easily. Even if you have the original email and all the original data. Which is why I doubt anyone will give you that price even though its worth even more than that. I'd buy it of you if I knew you irl but yeah it's too big of a risk for me.

The account is still for sale but with no balance and with no inventory just with a knife worth \$650 (? StatTrak™ M9 Bayonet | Tiger Tooth) FN and \$12 AK-47 (AK-47 | Phantom Disruptor) The price of the account with the knife and the AK is \$650, without the knife and the AK \$150.

If this is an auction, I'll drop \$450 as a starting bid for the entire acc w/ skins.

Do you currently have mobile auth? For eg, so the skins can be traded before the account details are changed (which would result in a 2 week lock-in)

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley
