Thread: [SPAM SERVICE - Learn how to spam --> SMTP --> PMTA](#)

johnsmtp - March 6, 2021, 9:58 am

SPAM SERVICE [Learn how to spam] SMTP,PMTA

- I am doing for you high-quality SMTP with which you can get the result!
- I teach how to do SMTP and PMTA quickly and efficiently.
- SMTP for mailing in inbox:

5 VPS + 5 Trust domains - 150\$

10 VPS + 10 Trust domains - 250\$

20 VPS + 20 Trust domains - 450\$

30 VPS + 30 Trust domains - 600\$

? IP address and domains crystal clean, not are listed in blacklist

? Domain names registered in 2019 and earlier, all domains have a positive reputation for mailing

? A good percentage of inbox on boxes from Belgium, the Netherlands, France, and other countries
.be .nl .de. .fr .au .us and etc.

? Servers are based in different countries (Austria, Belgium, Netherlands, Germany, France, Poland)

? It is recommended to send up to 25,000 letters from one SMTP per day to different emails

? Any name for SMTP accounts. We will create any number account for smtp

- PowerMTA for mailing to corporate email addresses:

10 VPS + 10 Trust domains - 400\$

20 VPS + 20 Trust domains - 700\$

1 VPS / 10 IP / 10 Trust domains = 200\$

1 VPS / 20 IP / 20 Trust domains = 350\$

1 VPS / 30 IP / 30 Trust domains = 450\$

- Each VPS separately and each has a PMTA script for mailing.
