Thread: [\[MENTORSHIP\] \[BRAND NAME REMOVED\] ADDS MASTERY. AUTO PILOT |reddit included EARN THOUSANDS WEEKLY](#)

TrueFalseKing - March 9, 2021, 8:13 am

Greetings.

During the previous months, i've had great success working with an onlyfans model, I have been using [BRAND NAME REMOVED] and reddit to advertise.

As you might now, [BRAND NAME REMOVED] has become way harder recently, and as such, traffic quality has become higher.

why [BRAND NAME REMOVED] and reddit traffic? [BRAND NAME REMOVED] IS HIGH QUALITY TARGETED TRAFFIC (age and location targeted), REDDIT TRAFFIC IS GOOD QUALITY AS WELL.

Traffic from these platforms will always monetize better

If you are interested in the mentorship, I offer:

- Autopilot way to get [BRAND NAME REMOVED] adds. I will teach you how to bot [BRAND NAME REMOVED] like a pro. Bot it yourself instead of paying someone for the adds.
- Manual method to obtain adds on [BRAND NAME REMOVED]. This is great to use simultaneously while running adds on autopilot! great batch of extra traffic
- Reddit method, infinitely scalable. Thousands of adds.

Proof of adds: (running [BRAND NAME REMOVED] autopilot only)

Q & A

Q: Does this require investment?

A: Yes, for autopilot [BRAND NAME REMOVED], you need to pay up to 200\$ a month, numbers not included

For manual [BRAND NAME REMOVED], you need to invest a small amount but this refundable, so initially its free apart from numbers

For reddit, you can get a ton of adds for as little as 3\$ a day

Q: Does this include support

A: Yes. I will be on discord to mentor you 1 on 1.

Q: how many adds can I get

A: it depends on your investment, but honestly, the sky is the limit. [BRAND NAME REMOVED] autopilot will get you 10 adds per token (acc), while manual [BRAND NAME REMOVED] and reddit, varies greatly but way more than 10 adds per acc.

I am selling limited copies, probaby 5 or 6. The starting price is \$300 for the mentorship, but it will increase with each sale.

Giving 1 vouch copy for a reputable member.

Hey, interested in a vouch copy for the service if you deem me reputable enough. Sent over a convo to discuss this, thanks :)

Captain Pre - March 9, 2021, 8:35 am

Hey, I am interested in the vouch copy.

Why? I am very reputed when it comes to ehworing and i have setup ready that i can test with your traffic!

PM/Convo me to discuss.

lwww999 - March 9, 2021, 10:40 am

Very intrigued to buy the first copy. Mind shooting me a PM with your Discord? Got some questions

After a nice chat with the seller I decided to buy, here's my honest review.

I'm not new to this game, tried everything from Omegle, socials, Reddit etc etc. Not so much time ago I was able to bot and generate good amounts of adds, but [BRAND NAME REMOVED] just got harder and harder. It's not dead as I thought and a vast majority of people here think, it just got harder. The last month I searched for something like this to fix my traffic but couldn't find something that seemed legit or that I didn't knew already.

OP provided 3 methods: manual, autopilot and Reddit.

The manual one is something I personally already knew about, you probably don't since it's not something public, especially if you are new to this. Even though I knew the method before, there were some parts where I was lacking and OP fixed that for me. It's a very good method, can certainly bring good adds if done correctly.

The autopilot method requires a bot, of course, the thing that OP provides is a unique setup. I was a regular user of the bot until [BRAND NAME REMOVED] flooded us with new updates and patched a lot of things. The method on how to use the bot is unique and works, once you get the basics of it, the sky is the limit on how many adds you can generate.

I won't go far into the Reddit part since [BRAND NAME REMOVED] was my main focus, but there is certainly good knowledge that can be put to good use if you interested in that. Right now I'm trying to fix my [BRAND NAME REMOVED] traffic, maybe I'll get back to Reddit once I have [BRAND NAME REMOVED] set up ready to go.

OP is super nice, fast, and helpful. He answered all my questions and even shared a few extra tips & tricks with me. He literally spoonfeeds you. He goes 1:1 on you until you're ready to go, and even then he's always super reliable to answer your questions if you got more. Anyone, experienced or not, can do it this method. Once you have the traffic, it's all on you how to monetize it, at least you'll not have to worry with traffic sellers and lack of traffic anymore.

Thanks OP

Thanks OP Glad you were able to get the bot working buddy. it's true [BRAND NAME REMOVED] changed a lot, I did a lot of trial and error to figure this out.

Hey, if you still have a need for a VC for a detailed review, I have experience and specific tools in the ewhore space that mesh/incorporate well with your thread and the types of mentorship/knowledge you provide. I have my own server/website that autoposts to reddit through it, and even a scheduler through a .csv file/calendar system. I do own a few [BRAND NAME

REMOVED] bots like BHT's, but also have experience with creating my own [BRAND NAME REMOVED] accounts manually through emulators and the website. Let me know if I'm eligible, would be super interested to see if I can learn more under your guidance.

Mark Ronson - March 9, 2021, 5:07 pm

Got a vouch copy from OP and I'm thankful for that.

HONEST REVIEW

OP's methods work, [BRAND NAME REMOVED] is very hard right now so it's a matter of trial and error and trying the method and find what works for you. You will need to buy the license of a bot in order to perform the automated method on the top of the cost of it. Nevertheless, if your knowledge really is low or zero, it gives you solid basis to find covering all the aspects that were needed and he's available to readily respond to all questions related to the method. Personally I believe [BRAND NAME REMOVED] has not much future for ewhoring as it has very few vulnerabilities left but other than that if you wanna learn how to run traffic yourself and stop buying it it's probably worth getting this. The manual method is public.

UsernameWasTaken - March 9, 2021, 10:00 pm

Interested, not very familiar with ewhoring at all. The idea of being able to set this up to be autopilot does interest me though! How much revenue could you generate running a bot at the \$200 a month rate?

Sedativ1 - March 11, 2021, 12:36 pm

I bought the method yesterday and updating today with the results. I made 20 accs and got 180 adds so far and it's not over yet, the accounts are still alive. I am using the same bot but I thought [BRAND NAME REMOVED] was DEAD, apparently it isn't and I thank the op wholeheartedly for this. You need to rent the bot, and pay for proxies etc, but the seller mentioned that in his original post.

I haven't engaged the adds yet but for some one who's experienced, I know I can make what I paid for the expenses in a day.

If you want to work in this business, trust me, you will pay way more than the method price, trying to test what works and what not. The thing with [BRAND NAME REMOVED] is that literally every single detail matters, I have spent way more on testing than on the method, and my testing yielded no results while his way fixed it.

one more copy for \$300, strike up a convo if interested

TrueFalseKing - March 21, 2021, 5:19 am

update-

for the [BRAND NAME REMOVED] bot method:

fixed costs for a month of doing this costs \$115, not \$200

daily variable cost depends on how many accounts you want to run, i personally spend \$30 to make \$250 in profit

for manual [BRAND NAME REMOVED] method:

- new update, now its faster and cheaper to get adds

selling one more copy for \$300, closing thread after that

Stanley - August 1, 2021, 2:04 am

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley

Is it still relevant? I might grab a copy of that.

TrueFalseKing - November 6, 2021, 4:19 am

updated manual method, limited copies. \$200 per.

I resumed selling of this now that summer hit and I'm taking some off days from traffic ?

Hit me up if you're interested. Get thousands of tinde leads and convert them to your of. The adds have been extremely high converting as of late as less and less people are obtaining them due the app being harder. But I got you if you want to do OF or ewh!
