I am a D1 player, my account was recently permabanned so I have enough time to boost again, i dont plan on climbing myself for a while.

Prices, negotiable. PM me to start a contract and we can talk!

I don't think this is the best description for a boosting service.

Your account getting perma banned means:

-You flamed on it

-You used scripts

Why would we let you play with our accounts in this case ?

I got permad for flaming in high elo, over 10 years, i accumulated 1 strike every 2-3 years until i got banned.

I have no intention of talking on your accounts.

I was permad months ago, on my new account chat is off.

Scripts are stupid lol. never used scripts.
