Thread: [Core 19 11900K release date?](#)

Anatoli Smorin - March 13, 2021, 6:33 pm

When will the Core i9 11900K become available for purchase?

How does it compare to the Ryzen 5800X?

1. We don't know. It hasn't been announced yet. The leaks are suspect in nature.
2. It's not released yet. There aren't finalized UEFI updates to even run it yet so nobody can get accurate performance measurements even if they have engineering samples in hand.
