Thread: [MAKE 750\\$ / DAY NOW \(CPA unsaturated method\)](#)

Gottabemonapoly - March 18, 2021, 5:04 am

I'm averaging 500/750\$ a day with my own, never seen before, created from the ground up , CPI method with free traffic.

I'm selling my CPA method which generates 500 to 700\$ with FREE TRAFFIC.

Here to provide all proof of said earnings, including sending you a DM on the network I use (ogads) to prove my legitimacy and the legitimacy of my earnings.

This is a never seen or used method of anyone that got me a 1\$ EPC (earn per click) with totally free traffic. This is what also made me notorious in the OgAds chat. An EPC that no one else on the whole network has achieved so far.

For info, all necessary proof & more, please contact me on :

I tried to add the images from my camera roll but the forum doesn't allow it ?

I can personally DM on the network to prove it's me + send all the proof required to each person individually.

Or please let me know how I can add camera roll pictures here ?

Try posting some screenshots or any type of proof to imgur and sharing some more details with us. Same day registered and selling is not a good sign.

I never in my life talked to you. What's even the point of writing this when you never talked to me ? Just to shit on a randoms person sales thread ? Please attach some proof here showing this. You never once talked to me.

He did not. Never talked to the guy. He needs to be banned for saying this without ever speaking to me.

Would you give out a free vouch copy? I did CPA so I have experience with it. I can write a long review here as well. :)
