Thread: [How often do you cook?](#)

Shrooms - March 18, 2021, 10:23 am

So how often do you cook vs eating out or takeaways?

Personally I've been cooking everyday for months, mostly due to lockdown and places being closed but before I'd eat out or have a takeaway once a week or more.

A Nobody - March 18, 2021, 10:25 am

Eat out for dinner probably 2 or 3 nights a week. Partner is getting mad I'm not contributing to the cooking as much as I should be lol.

Haha yeah I can imagine, I enjoy cooking though so I don't mind that

Ohh that was a tricky poll!!!

The title is the opposite of the poll so I voted the other way around lol

I chose More than once a week, but that's for cooking at home, I eat out maybe once every two weeks or so

burgerofstone - March 18, 2021, 10:28 am

I love to eat eggs and cook eggs every day.

Forensic - March 18, 2021, 10:28 am

I'm getting better at cooking but still, often succumb to the comfort of ordering something. Probably cook 3-4 times a week 2-3 times a day(some is basic not full meals)

I gotta get to the point of enjoying it instead of just being so disoriented by having to do 3 different things at the same time!

Can never seem to quite time whatever I'm cooking to finish and be plated at the same time.

Because we got 2 kids with us...me and my wife usually cook foods daily but there days that we need to order for deliver and sometimes go and get some take-out meals for the 4 of us :D

Drug Problems - March 19, 2021, 2:05 am

I eat out nearly daily unfortunately. I have health problems I was born with. It takes so much energy to cook, by the time its done I can't really enjoy it.

I prefer doing meal prep for 3 days in advance

HEISENPUG - March 19, 2021, 3:33 am

I cook a lot at home. Saves money and its a lot healthier in the long run.

Usually once a week but sometimes I can skip a week or two, depends.

M?tt - March 19, 2021, 4:26 am

I'm cooking almost 5-6 days a week. I usually meal prep for myself for lunch and cook dinner at least 5 out of the 7 days. Give or take each week, but the family loves a hot meal that's fresh.

Yeah I much prefer cooking my own food than pre made stuff, cooking from scratch with fresh ingredients is great

TB12 - March 19, 2021, 8:21 am

I've started to cook more but I love fast food so much I can't help it. Living in the NYC I lost count of the number of times I walked to McDonalds at 1 AM with my pajama bottoms on to get something lmao. My favorite is Five Guys though

ghostboy - March 20, 2021, 8:49 am

Probably only once or twice a week. I work too much to cook often

Linux X - March 20, 2021, 9:21 am

I cook every day ... I can't skip that.

flavoral - March 20, 2021, 9:25 am

I cook food every day. Much better than ordering food most of the time.

No where near as often as I'd like to sadly.

PIMP MY SOCIALS - March 20, 2021, 2:41 pm

cook every other day and takeaway most days, like to support my local community during these hard times <3

cook nearly everyday

I have about 2-3 takeaways a month.

its a nice treat!

Nate - March 21, 2021, 12:58 am

I only cook lunch dinner I usually go out

sweatpants - March 21, 2021, 1:51 am

I usually just eat from work. I don't bother cooking at home much cause I've found since having my own job groceries aren't showing up in the pantry and I actually have to go out! to buy what I need to cook. I'm not against cooking but I've just become so lazy to making my own food at home. In school I took cooking classes for 3 years straight and I love cooking but just haven't got off my ass to do it

Yeah if you are on your own it's pretty cool just to buy food rather than cooking but when you got some kids with you oh it needs more patience to think of what foods to cook daily :D

O whoops. I did the same. I order takeout multiple times a week. I honestly can't be f**ked to cook. I am far too lazy, and after working 8-10 hours, the last thing I want to do is work more. Nah, rather have my food brought to me as I sit there like a lazy piece of sh*t.

for sure, I used to eat out almost daily but I thought it'd be better to start eating in, healthier, I also decided to get back in shape and get back to my training routine and stop procrastinating so that's what brought this decision, up until 2016 I ate like 5 times a day outside lol

Grim - March 21, 2021, 11:48 am

probably less than once a week unless you count making a sandwich cooking

RTKN - March 21, 2021, 8:11 pm

Cook every day for my fam, takeaway for my fam again . and sometimes eating out

only when i am starving and craving for a healthy meal.

???????????? - March 21, 2021, 9:11 pm

I used to cook like 2/3 days a week but recently i just don't have fucking energy to do anything. I want to live healthier, be more productive, to achieve this i have to eat better and do more stuff but its like a fucking circulation of sleep->eat "fastfood"->be depressed af-> sleep ...

ilcaneee - March 25, 2021, 12:00 pm

Rarely, most of the time I order!

What was the last meal you cooked? Hit me with a recepie?

Pawnhub - March 26, 2021, 8:50 am

Probably 2-3 times a week. I usually grab breakfast and lunch when working. I don't eat dinner really. My bedtime is like 7pm lmao.
