Thread: [FREE ACTIVE RAT SETUPS | RAT SUPPORT | BOTNET SUPPORT | CRYPTER SUPPORT](#)

UnderBot - March 22, 2021, 7:47 pm

Hello! I am offering FREE RAT, botnet, and crypter setups/support! I DO NOT PROVIDE ANY SOFTWARE.

I can set up any RAT you need, as long as your network and hardware support it.

Have a question about a RAT's feature? Can't get your clients to connect? Not getting FUD results from your paid crypter?

Never worry again, UnderBot is here to help.

Feel free to post here or send me a PM or a convo, and I will help you immediately.

I also have Discord for faster support!

This service is not free. He will also try to scam you by adding in monthly fees after you pay.

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley
