Definitely interested, just wondering if you'd do cheaper prices for smaller servers?

So it puts real discord users into your discord server?

onlinejob - May 15, 2021, 2:24 pm

They will not block server, But we have faced such situations, They will stop adding more members to the server, Means invite links will not work

What I mean they will block the account if you try to sent more messages with an account

You can contact us here if you need help with those

Wow, this is interesting. I wonder if there is different pricing for smaller/startup servers. Please DM me, I am interested.

MrSpecter - July 31, 2021, 9:48 am

I do not recommend this service, there is no better way to waste your money.

The discord servers are secure so it is very difficult to have a cost effective service. For my part, I tried the service. On 10k dm only 50 joined. The seller told me my money back, I'm still waiting. The service lasts since 05-24-2021.

I would also add that it is very hard to have an exchange of messages with this person. I doubt this person is being honest.

krizuss - August 3, 2021, 8:40 am

Can i split the dm's up in multiple servers? or can i only choose one :)?

Will edit this post once my service has gone through.

Highly suggest no one buys until this post is edited. I will give it 48 more hours and then file a dispute on contract.

He doesnt need any new orders assuming problems with existing orders like myself.

Cheers!

crabby - September 3, 2021, 9:42 am

He did his work, though service is highly ineffective for what you have in mind (crypto).

Paid 400 USD for 40K DMs, few (less than 10) people joined.

Communication 2/5

Price 1/5

Service 4/5

Stanley - September 21, 2021, 8:02 am

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley

Everyone just be careful dealing with this dude. Along with bad communication he also is a scammer.

Started a contract with him back in June for Telegram Mass DM and paid him \$80 in LTC. He never came through and gave excuses every time. Just don't have the time to open a dispute for this but be careful.
