Thread: [AndroSpy not compiled !!!](#)

D33PN3T - March 26, 2021, 9:45 pm

Hi

Please compile this AndroSpy for me
It gives me an error !!!

<https://github.com/qH0sT/AndroSpy>

Not to be a jerk, but if you can't compile it then you have no business using it. Also your solution is a 5 second google search away.

I have no problem with Google search, it does not compile on my Windows
Compile the rat may be difficult for you
