Thread: [111k byte or bust](#)

Big E - March 28, 2021, 5:25 pm

I am a flip addict and lost half my bytes so got angry. Good thing I have (perhaps misplaced) confidence in the Magic.

So it's now 111k bytes or bust.

Wish me luck.

PS: as much as I know you're all praying for me to lose, if the Magic do get the win, make sure you're in the Convo for a hefty rain! ??

I believe in you.

I don't know you yet, but I consider you family.

I'll get like 10 bytes if you win, right? Because we're family.

Good luck on your bet bro...hoping Orlando will be doing a great game against the Lakers.

Big E - March 28, 2021, 8:44 pm

End of Q3 in the crucial game right now and the score is tied at 69-69.

Whatever happens with the bet, it's been great fun and definitely value in the bet considering how close Magic are pushing it! And to think they were 13 points down at one stage too. ?

Genius!! Goodluck on this one big brother
