Thread: [Multi Accounting](#)

Billy Bob - April 2, 2021, 5:56 pm

Yo i thought multi accounting was really looked down upon, i lost access to my old account and i recently got my email and reset the account and got it back.

I kept PMing staff to merge this account I made recently with my old one, but no response, do you guys not care about multi accounting anymore? Is it just if they ban evade?

I didnt want to have two HF profiles so hopefully this brings some light into whether i can merge them or not. I wanted to have all my new stuff updated into my old profile.

This is my other hf profile. Please help me out staff.

They cannot merge your accounts.

Just update the info yourself man, don't be lazy, staff has much more important stuff to do than to merge your info for you.

What a fucking stupid response to OP asking a simple question. Get Omni's cock out of your ass and maybe help the dude with his issue. If he was lazy he wouldn't have asked at all.

As for you OP, I've seen other people get their accounts merged by staff before, so I'm sure its not impossible, but it really is up to whether they have time or even want to do it. At least you said something about having two accounts instead of keeping it quiet with the possibility of getting both banned. Anywho, good luck with your issue

You cant merge accounts close the one one you created, and keep the old one

I agree with the close on the first account.

[Billy Bob](#) is there anything important on it? It's pretty new.

How would I go about closing an account ?

I don't know how many staff you've PM but I see you PM'd me. It's not that we don't care, it's just impossible to fulfill your request if I'm asleep - different time zones, people can be asleep and that stuff, you know? ?

Anyway, I closed your regular account and you may continue on Billy Boobs account. Thanks for notifying us about this change. Eventually, you'll get an answer, there's no need to be that impatient. :)
