Thread: [What is your #1 biggest frustration when it comes to E-Whoring?](#)

WebcamRiches_com - April 6, 2021, 2:20 am

Out of curiosity... what's the #1 biggest problem, frustration, or obstacle you're facing when it comes to E-Whoring?

masoniac00 - April 6, 2021, 4:21 am

Dealing with all the the dick picks and pretending to be a girl for a low amount off money

The biggest problem right now is traffic in my opinion. I love ewhoring and it is easy to scam people that have already been scammed. But at the moment I have 0 dollars because of shitty traffic.

What a fuck are you saying? Ewhore is not scamming people, oh my god.

The definition of a scam:

: a fraudulent or deceptive act or operation

By definition you're scamming people, because it's a deceptive act in which you're pretending to be the girl creating the content for him. Just because you're still giving them content doesn't mean they didn't get scammed. Not that I have any kind of moral judgement against it. I don't exactly give a shit, and I respect the hustle.

But I do believe that selfishly, in terms of traffic and getting paid, it's much easier to work with real girls so you can leverage adult webcam traffic or social media on a longer term basis. But I don't want to turn this into a pitch to get Webcam Riches. Genuinely curious if my challenges with E-Whoring line up to other peoples frustrations with it.

So it's mostly getting traffic and dealing with time wasters?

Yes its like a scam because you are not the real girl, but if you think like that about scamming people, you will never get real profit.

The real things off Ewhoring is enjoy your fake identity and get trusted from the horny man, if they trust you they will send money for ever, thats sure.

Sorry for bad english.

Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. My biggest frustration is finding out enough information to get my snapchat setup. I see there are apps for live snap, I see there are filters for live snaps, but I don't get anything. Like, I wish there was a thread where basics were covered for beginners. :)

Nowadays: 1-5 Hours a day without banking good. I used to ewhore back in 2020 like 5-10 hours a day and made 100-500 a day. But i stopped cause of bad motivation (That has his reasons) Why i am banking nothing right now is cause of the [BRAND NAME REMOVED] traffic. Everything updated and i have to deal with old costumers that i already milked, so yeah thats not really working. My SE skills aren't that good aswell, sometimes i have to use google translate, like tf.

Have you ever considered running a webcam studio? You don't need SE skills when you have one girl camming for you on Chaturbate.

What are the expenses to open a webcam studio ?

The cheap version - in your garage (or car) , your laptop, free wifi, a towel, a water bucket = \$300 but if you want to be professional:

- broadband internet speed for companies + a PC server (linux) + router
 - 1 PC (at least \$500) + 1 big TV as monitor for PC (\$300) + HD webcam (with remote controller if you want to look professional \$400)
 - furniture (minimum required in each room): 1 bed \$300, 1 chair \$50, 1 table \$150, 1 mirror on the wall \$200, 1 carpet \$200, 1 hanger \$20, curtain \$100 , pillows \$10, blanket \$20
 - 2 studio lights ~ \$100
 - Windows License for each PC \$100
- Different hygienic products: towels, soap, shampoo etc etc \$70
Maybe even a make up set as gift to each models \$30
Toys not included (each girl has her own toys)
Total for 1 room = minimum \$2650. Also if you are not a tech guy you will pay someone to fix your small issues.
Expenses: heating in winter , a lot of water and electricity bills.

To comply with LiveJasmine standard requirements, on top of everything you can add another \$300 - \$400

At the end of the month even if the models haven't earned too much, you still have to pay them because it is not entirely their fault, it is YOUR fault because it is your duty to bring them traffic.

Well...if you have 4 rooms the price will be at least \$12000 so it is not that handy to own a webcam studio and even if you borrow the money it is very risky. The potential is huge but if nobody knows you than you will have big problems from the beginning.

Lol \$12k? I started with ZERO. Didn't even have money for a C920 webcam. Only an old laptop. And my professional studio cost me less than \$5k with multiple girls.

Also I have 10+ Webcam Riches students making hundreds of dollars per day using nothing but Teamviewer and their smartphone... while the girls don't even live in the same country and stream from their smartphones using Droidcam.

LiveJasmine have very high standard requirements, does they accepted you on their platform? Without having HD camera and studio lights they not even talk to you.

EDIT:

I just read carefully what you wrote above, it looks like you are affiliate with studios not actually own a building transformed in webcam cam studio.

I don't affiliate with anyone. I own my own cam cam studio with real girls, and mentor guys who want to start theirs. I have studio lights, HD cameras and good furniture etc. and made like \$14k in tokens last month so don't worry about me I'm doing just fine.

How to get models when you are/have:

1. Ugly fat runt can't date.
2. No social communication skills.
3. Bad in english.
4. zero SE skills.

Most frustrating shit ever.

Most guys in Webcam Riches use an anonymous "fake" profile. And you get my word-for-word model getting script... as well as every single step you have to do. 99% of the work is already done-for-you.
