METHOD IS WORKING AS OF APRIL, 2021

=====

Here are my payment proofs from 2 months:

Also trust me when I say it, it can be much more than that since this method is constantly scalable.

Just a few words before we begin:

This method is not get rich quick scheme. It requires setting up and 30-60 minutes of your time per day. It also requires somewhat fast internet connection (Mine is 30MBPS download and 5MBPS upload so I'm sure you'll be fine) and most of all: consistency.

If you don't stay consistent and if you don't work hard each day then you won't see the results. If you're not afraid to take action today, then this could be a game changer for you.

Method is explained perfectly with step-by-step text and pictures and I also offer full time support on PRESTIGE packages. My guarantee is \$500-600 per month however it's definitely possible to scale it to 4-5 figures per month EASY and you will see exactly WHY once you purchase the method.

And the question you all seem so eager to ask: Why are you selling it for such a cheap price? - Side income. This method cannot be saturated if we take into consideration that it won't be sold that much.

Everything good? Let's continue then.

I can take a vouch copy if you want!

taap - April 6, 2021, 7:14 am

I'd love to take a vouch & leave an detailed and honest review for your ebook/method.

I've got lots of experience doing CPA before and can show you my earnings from few networks.

Seller gave me a vouch copy and asked for my initial thoughts on the method. So here it goes:

I've done CPA / Adult CPA before and have lots of experience with it, so this method wasn't something new to me. If you've done adult cpa before then you should've come across this method already, if not, then this could be a good way to start making some money online, mostly because it requires a very small investment, no advanced skills and it's not very time consuming.

I'd say setting it up may take 30-60 minutes depending on your experience, but the more you do it the easier/faster it'll get. Any beginner should be able to set it up within an hour the first time. Cyam even offers to help you out in case you get stuck.

This is just my initial thoughts and shouldn't be considered a vouch as of yet.

I haven't used this in a long time so I can't vouch on how much money you can make with this.

I will set up the method today, then spend 1hour/day to scale and post earnings for each day.

Adult CPA King Review

Overall Rating

?????

General Description & Method

The method covered in this E-Book is a simple & easy to implement CPA (Adult) method. It does require an investment of approx. \$10 but that's it. The daily work however could be a bit time-consuming especially if you are new to video editing. If you're experienced in that, it's a breeze. If you're planning to earn \$XXX /month from this method, you should spend around 1 - 2 hrs per day. In summary, the method is great for a beginner in the Adult CPA scene & if done with consistency, can earn a decent amount of money per month. You could get paid directly via BTC too so that's a plus in my opinion.

Grammar & Structure

The grammar in this ebook is spot on - One of the best I've seen. I really doubt that you'll need help after purchasing as it is extremely easy to understand and well structured. Images too have been added to make understanding the process even easier.

Final Thoughts

Is this book for everyone? In my opinion, No. As I mentioned above, there is some work involved every day. As I am working, this method isn't really for me however, I have done something similar to this method in the past so I know this works. This ebook is ideal for someone who can spend around 2hrs each day on the work required & need some extra cash.

[Cyam](#) does not overpromise in this eBook - which is rare in the eBook "World". As mentioned in the Thread, you can earn 500 - 600 USD per month with consistency but don't expect absurd amounts.

This is a vouch copy review.

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.
